16:25	Subhadeep
16:40	Kim
17:00	Simon
17:20	End of presentations
19:00	Dinner at Egon Tårnet

Accommodation:

Following hotels are recommended and there is a possible discount with the following codes (Price is given per night):

- Quality Hotel Augustin, down-town, close to «torget», 930 NOK (code: **CH60232382**)
- Comfort Hotel Park, down-town, close to Prinsen kino, 994 NOK (code: **CH60232382**)
- Comfort Hotel Trondheim, down-town, close to Olavkvartalet, 992 NOK (code: **CH60232382**)
- Clarion Collection, down-town, close to Olavkvartalet, 1 226 NOK (code: **CH60232382**)
- Radisson Blu royal garden hotel, down-town, 1 135 NOK (code: **59364**)
- Scandic Nidelven, down-town, 1 230 NOK (code: **D000028129**)
- Scandic Bakklundet, down-town, 1 098 NOK (code: **D000028129**)
- Scandic Solsiden, down-town, 1 037 NOK (code: **D000028129**)
- **Scandic Lerkendal, the closest hotel to PoreLab. 905 NOK (code: D000028129)**

The closest hotel to PoreLab is **Scandic Lerkendal** and it is the cheapest. If someone wants a hotel half way between down-town and PoreLab, then I would recommend Comfort Hotel Park.

Transport info:

There are different busses available at the exit of Værnes Airport which drive directly into the city center and close to PoreLab:

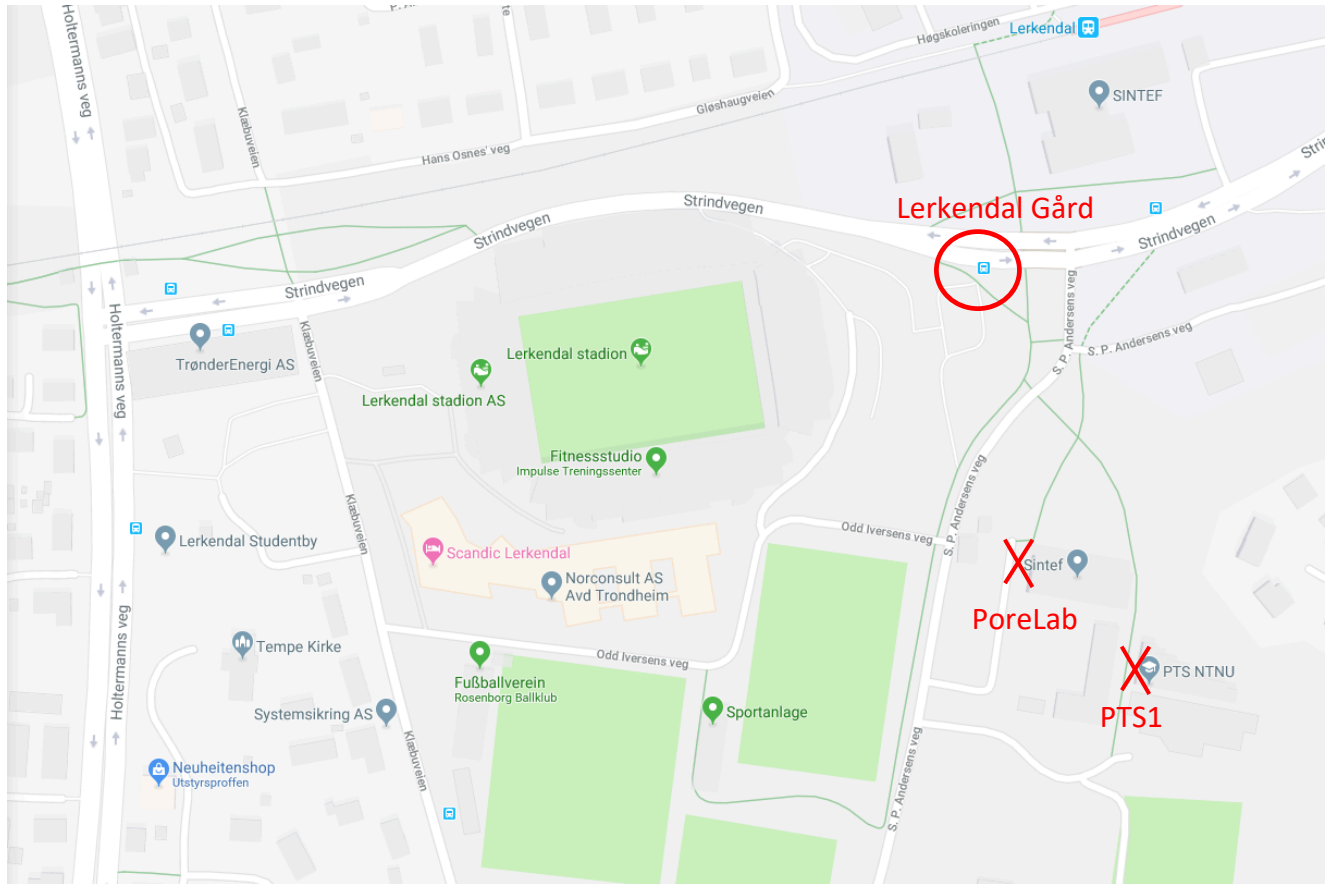

- Flybussen <https://www.flybussen.no/ruter/trondheim>
- Værnes Ekspress <http://vaernesekspressen.no>

However, we recommend taking Værnes Ekspressen, because it stops the closest to PoreLab. If you take Værnes Ekspressen, you can get out of the bus at Lerkendal Gård, which is basically directly at PoreLab. You just need to go down the hill to the big red building. On the next page you can find a map with both bus stop.

The forum itself will be in a seminar room close to the PoreLab facilities in PTS 1 (see map on the next page) next to the cafeteria. There will be signs so you will easily find the way to the room.

Lab Tour:

For those of you who want to join the lab tour, we would meet at the PoreLab facilities at 09:15 (Friday, 21.09.2018). First we will have a tour through the PoreLab laboratories. At around 10:15 we will walk together to the Gløshaugen campus where the NanoLab is. The tour there starts then at 10:30 and will last till approximately 11:30-12:00.

Food:

There will be a lunch buffet with drinks at 12:00 on the 20.09 in the PTS1 building. In addition to this, a small snack will be available in the seminar room around 15:00. Both will be covered by PoreLab.

Furthermore, we will have dinner together at 19:00 at Egon Tårnet, Otto Niensens vei 4, where the first round of drinks and one main dish will be covered by PoreLab. There is a bus which leaves at Lerkendal Gård (Number 60) and goes nearly directly to Egon Tårnet if you do not want to walk there.

Presentations:

Every presenter has 15+5 minutes time for the presentation. To ensure a smooth forum, we kindly ask everyone to stick to the scheduled time. There will be a computer available, so you can either send the presentation per mail or bring it on a USB stick. The topic of the presentation can be about your future, current or past work/research. The main point is just to give everybody an impression of their research and background and especially for new PoreLab members to give an introduction of themselves.

Posters:

For the people who want to bring a poster, please hang it at the beginning of the forum or after the lunch break. The poster session will be held together with the snack and coffee break. It does not need to be a new poster, you can also show previous work.
